*Naturally pure hair  
and bath care  
for little ones*

100% natural-source ingredients

# Natural. Pure. Simple. Clean.

Those were our guiding principles when we created Coco & Tini. As parents, we wanted to ensure that we only used gentle cleansing agents and ingredients derived from natural sources in our hair and bath care products. We believe in embracing the purity of nature in our everyday lives. It just makes good sense.

## Our Ingredients

All Coco & Tini products contain only **100% natural-source ingredients.**

**We do not and will not use sodium lauryl sulfate or sodium laureth sulfate, parabens, propylene glycol, artificial preservatives or artificial fragrances in any of our products.**

**Our products are not tested on animals and we strive to use recyclable materials in all our packaging and printed matter.** We won't use potentially harmful chemicals and synthetics in our products, when there are wonderful, natural alternatives that can do a better job and cause less harm to our environment.

We also want bath time to be fun! Coco & Tini products are meant to be spilled, sprayed, dropped, lathered and enjoyed by parents and their little ones alike.

- ✔ No Artificial Fragrance
- ✔ No Artificial Preservatives
- ✔ Tear-free Formula
- ✔ No Parabens
- ✔ Gentle Cleansing Properties
- ✔ Nut-Free Ingredients
- ✔ No Animal Testing

# Our Products

## Shampoo

Shampooing

100% natural-source ingredients

225ml/7.61 fl. oz.

Gentle cleansers and no parabens or artificial fragrance. That's a formulation any parent can be happy about. Our shampoo contains only 100% of the finest natural-source ingredients and is free of cheap and harsh surfactants like sodium lauryl/laureth sulfate. Plus it smells great too.

## Conditioning Detangler

Revitalisant Démêlant

100% natural-source ingredients

225ml/7.61 fl. oz.

Soft and shiny hair is great. Not having to battle your child to get a comb or brush through a tangled mess is even better. Great for long locks and curls and as a daily conditioner. We think this is one Mom might like to use too. Use after shampooing or try a little less through dry hair.

## Body Wash

Savon Corporel

100% natural-source ingredients

225ml/7.61 fl. oz.

Gentle and natural cleansers can still take care of that little mud monster or paint-smear artist. A squirt of our body wash and a wash cloth is all it takes. Mud monsters never smelled this good!

## Bubble Bath

Bain Moussant

100% natural-source ingredients

225ml/7.61 fl. oz.

Suds and bubbles are lots of fun. Getting them without sulfates or other irritating surfactants is the tricky part. Our 100% natural-source bubble bath might not produce bubbles up to the ceiling but that doesn't mean there won't be plenty to go around. Bubble beards and a tub full of suds can still happen with our natural formulation. . . .who wants their ceiling covered in bubbles anyway?
